RUMANIANS MAKE DRASTIC DEMANDS UPON HUNGARIANS

Ultimatum Demands Reduction of Army and Surrender of Animals.

ALLIES FEAR NEW TERMS MAY WRECK GOVERNMENT

Rumanians No Longer Subject to Command of Allied Military Chief.

Basle, Aug. 6.—(Havas)—Czechoslovak and British troops are on their way to Budapest for the purpose of participating in the occupation of the city with the Rumanians, according to a dispatch from the Hungarian capital. French troops also will take part in the occupation of the city.

Paris, Tuesday, Aug. 5.—The Intransigent's Geneva correspondent says that according to a Bucharest dispatch King Ferdinand of Rumania is with his army in Hungary.

Copenhagen, Tuesday, Aug. 5.—A dispatch from Budapest says that a weak force from the Czechoslovak army crossed the line of demarcation Monday and is marching toward Budapest.

Paris, Aug. 6.—Rumanians have served an ultimatum on the Hungarian government, according to messages reaching the peace conference. The ultimatum, it is stated, makes demands far in excess of the armistice terms and gives the Hungarians until 8 p. m. today to comply with them.

It is greatly feared in conference circles that the Rumanian action will result in the overthrow of the new Hungarian government.

French circles state that the Rumanian army in chief, the allied commander in chief, the Rumanian general refusing to accept orders from the French. The Rumanians have not been actively participating in the peace conference since Premier Bratianu's death some time ago.

(Continued on Page 2, Col. 3)

JAPS TO RECALL SHANTUNG FORCE

Troops Will Be Withdrawn When Agreement Is Concluded With the Chinese Government.

Tokio, Aug. 6.—Viscount Uchida, the Japanese foreign minister, in a statement issued yesterday, declares that Japan does not intend to claim any right of territorial sovereignty over the province of Shantung. He promises that the Japanese troops will be withdrawn immediately and agreement concluded with China.

Japan, moreover, the foreign minister's statement adds, is to favor establishment at Tsing Tao of a general foreign settlement instead of a purely Japanese settlement.

AUSTRIAN REPLY TO TERMS READY TODAY

Paris, Aug. 6.—Dr. Karl Renner, the Austrian chancellor and head of Austria's peace delegation, informed General Secretary Dittmars of the peace conference yesterday that Austria's counter-proposals to the peace terms would be handed over tomorrow within the prescribed time for their presentation.

Dr. Renner, who left St. Germain En Laye last evening for Vienna, will return August 12.

The supreme council of the peace conference on July 29 extended the original time granted the Austria plenipotentiaries for considering the peace terms, fixing the expiration of the time limit to August 6.

ALLIES DETERMINED TO PROSECUTE KAISER

London, Aug. 6.—The allies have not altered their decision to hold the trial of the former German emperor in London, Andrew Bonar Law, government leader announced in the house of commons today. He said he believed no action in the matter could be taken until the German peace treaty is ratified.

FRENCH PRINCE HEADS AERONAUTS

Prince Roland Bonaparte.

Prince Roland Bonaparte is president of the International Aeronautic Federation which recently held in Paris its first meeting since the outbreak of the world war. A resolution was passed that enemy aeronautic federations should be excluded from the International Federation until their countries are admitted to the League of Nations.

MAYOR SAYS HE MAY RUN CARS

Zanesville Street Cars Still Idle While Council and Traction Officials Discuss Fare Rate.

(Special to The Advocate)

Zanesville, Aug. 6.—Unless Ohio Electric officials and council members get together tonight on the fare to be charged in this city, Mayor D. J. Evans will ask the Ohio attorney general and the public utilities commission for authority to take over the power plant and street car system pending a settlement of the controversy, the mayor announced today.

Street cars have been idle and the street lights dark since last Friday when the employees quit work after their demand for a 20 percent increase was refused by the traction officials.

The officials declare that they can not grant the increase with the present rate of fare. They offer a six cent fare with nine tickets for 50 cents.

Meanwhile the rising waters of the Muskingum threaten to put out of commission the water turbine which is operating the dynamo which is furnishing what little power the city has.

COURT STOPS EAST MAIN PAVING

SCORES CITY OFFICIALS IN OPINION

Declares New Contract Is Null and Void But Says That Company May Proceed Under Old Contract Which Was Cancelled Illegally by Board.

Judge Park B. Blair of Mt. Vernon rendered his opinion today in the case of George L. Fromholz, et al., vs. the city of Newark, et al., in which Fromholz sought to enjoin the Federal Asphalt company from proceeding with the improvement of East Main street by using asphalt in the street paving between the B. and O. railroad tracks and Cedar street.

The opinion enjoins the improvement of the work started by the contractors. The case will be carried up on appeal, the city's attorney announced.

The contractors had proceeded with the work and have much of the street torn up and Judge Blair scores the board of control, composed of the mayor, director of public service and director of public safety, and the contractors for proceeding with the improvement when they were aware that plaintiff would attempt to have the matter tested in court.

Judge Blair states that there is no charge of bad faith on the part of the city officials, but the fact remains that the improvement, under the second contract, will cost the city and tax payers \$25,000 more money than called for in the contract which the board sought to annul. The opinion in full follows:

"Where a contract for the improvement of a street has been duly entered into by a city with a responsible bidder and the fact remains that the improvement, under the second contract, will cost the city and tax payers \$25,000 more money than called for in the contract which the board sought to annul. The opinion in full follows:

"Where a contract for the improvement of a street has been duly entered into by a city with a responsible bidder and the fact remains that the improvement, under the second contract, will cost the city and tax payers \$25,000 more money than called for in the contract which the board sought to annul. The opinion in full follows:

The opinion in full follows:

ASKS RECEIVER FOR PORK HELD BY MEAT FIRM

Franklin County Prosecutor Would Sell It At Owners' Cost.

SAYS IT IS HELD ILLEGALLY AND FOR PROFITEERING

Some of It Held Since November Last Year Petition Alleges.

Columbus, Aug. 6.—County Prosecutor M. Schlesinger, in the name of the state, filed proceedings in the Franklin county court today against the Columbus Packing company and the Fairmont Creamery company, for an injunction and a receiver for 151,651 pounds of pork which the prosecutor alleges the creamery company has held in storage for the packing company in excess of the period stated by law and for the purpose of profiteering. The suit filed by the prosecutor and the injunction is unique in that it was the first filed under the new storage law.

The action not only seeks to obtain possession of this property but sell it publicly at the figures at which it was acquired by the Columbus Packing company. The injunction seeks to restrain the defendants from interfering with the property during the time of the petition in any manner whatever. The petition states that the Columbus Packing company began accumulation of the pork in the cold storage plant of the creamery company November 29, 1918, and from that time on the quantities have been held in excess of the six months period permitted by law. And, in as much as the law permits the food property held longer than that period, the petition seeks to obtain possession of it and disposal of it.

Upon the filing of the suit, the prosecutor immediately took it before Judge Duncan of the Franklin county common pleas court who issued the injunction requested and appointed Claude Chamberlain, a Columbus meat dealer, as receiver to the property. It is understood that the prosecutor will appear before Judge Duncan tomorrow morning and request that the pork involved be sold at public auction at some central place in the city.

(Continued on Page 2, Col. 1.)

WILL PROSECUTE PACKERS UNDER ANTI-TRUST LAW

Attorney General Declares Evidence Shows Clear Violation of Anti-Trust Laws.

Washington, Aug. 6.—Anti-trust suits against the five big meat packers will be instituted immediately by the department of justice.

Attorney General Palmer announced that the evidence before the federal trade commission and committees indicated "a clear violation of the anti-trust laws," and that he had ordered "prompt action accordingly."

Isadore J. Kresel of the New York firm of Jerome, Rand & Kresel, will have charge of the case, and Mr. Palmer said he would be given such assistance by the department of justice "as the case seems to warrant."

LANSING DIDN'T KNOW OF SECRET TREATY WITH JAPS

Says Agreement With Jap Envoy Was Made Without Knowledge of Japan's Shantung Treaty.

Washington, Aug. 6.—Secretary Lansing told the senate foreign relations committee today that the American plan for a League of Nations was "not pressed" at Versailles and never was presented to the full peace conference.

The secretary, appearing at a public hearing of the committee said he did not know whether a copy of the American draft was still in existence. He presumed, he said that the draft was made by President Wilson and added that a copy might still be in the president's possession.

Discussing the Shantung provision of the treaty, Secretary Lansing said the Lansing-Ishii agreement made to obtain reaffirmation by Japan of the open door policy in China, was entered into with several of the members of the League of Nations but not furnished to the French senate.

Mr. Lansing said it was true that President Wilson had cabled to the peace commission, requesting that the confidential negotiations of the proceedings of the committee on the League of Nations be not furnished to the French senate.

The property of trying the former German emperor was discussed at some length by Secretary Lansing, who said the American commissioners dealing with the question were unanimous in their opinion that the emperor should be tried.

ONLY THREE MORE DAYS.

The letter carriers' War Savings Stamp contest closes next Saturday, August 9. At present James G. Cooper leads every mail carrier in the United States—he is first among 100,000 men. Will he hold this enviable position next Saturday night? Upon the purchase of W. S. S. tomorrow, Friday and Saturday depends the answer.

If one goes to the postoffice in Newark and tells the clerk that his or her purchase of stamps is to be credited to Cooper, it will be done—otherwise no credit is given to Cooper unless purchase is made from him personally. Cooper is working night and day to win out and with hearty support from the public he will win.

Warren county today holds a very slight lead over Licking county in the Victory Shaft race. Warren has a per capita sale of \$3.35, Licking \$3.25. If Licking county's sale last week had been \$67,000 instead of \$60,000 this county would still have been in the lead.

The War Work Organization, 500 strong, every man a capable salesman, and all enthused over the prospect of putting Licking county "over," will meet at Masonic Temple next Monday at 6:30 p. m., to start a three day W. S. S. drive. On Thursday night the men will meet to receive their formal discharge from service—a document that is now in the hands of the engraver.

When Licking county's war workers start next Tuesday the stamp sales will grow rapidly. The organization committee, which has visited every township, reports widespread interest, and there is assurance that the whole force will be on the job next week. The purpose is to put Licking "over," and win the Victory Shaft. To count in the Shaft contest the stamps must be bought in August. They cost \$4.19 in August and grow more valuable every month. They are not taxable, and may be cashed at a profit any time, if held only a few days.

Buy W. S. S. now, make Jim Cooper a winner, put Licking county in the 100% class and win the Victory Shaft. It can all be done, without sacrificing a single penny.

CORN GOES UP WHEN WHEAT PRICE IS RETAINED

Chicago, Aug. 6.—An instantaneous upward jump of 4 1/2c to 9 1/2c a bushel was the response of the corn market today to the announcement that the government would maintain the guaranteed \$2.26 price of wheat. The biggest rise of the corn market was in the principal trading delivery, number, which soared at once to \$1.52.

TANNERS, SHOE MANUFACTURERS AND RETAILERS BLAMED FOR SHOE PRICES

Unusual and Unwarranted Profits Are Taken By All, Federal Trade Commission Declares in Report on Investigation of High Prices of Footwear—Says Prices Are Not Justified.

Washington, Aug. 6.—The high price of shoes has been declared to be due to excessive profits taken by every factory in the shoe production industry in a report by the federal trade commission to congress made public today. The packers were charged with having begun the pyramid of shoe prices by changing prices that are "not justifiable."

The commission's report covering the four-year period from 1914 to 1918 is the result of an exhaustive inquiry into the price of hides, leather and shoes begun more than a year ago, it was said. It has been in the president's hands for some time and it is understood that he urged its speedy printing and transmission to congress in connection with efforts of the government to combat the high cost of living.

To show that the packers during the last four years have made unwarranted increases in the price of "packers' hides" the report pointed out that the price differential between their hides and "country" hides—hides of a lower grade—has increased "far beyond the usual proportion."

Charges of excessive profits against the tanner and the shoe manufacturer were said to be supported by the high rates of return of investments, in both industries, following the price increases.

"The public," said the report, "had to pay prices for shoes that not only could not be justified because retail shoe dealers took too much profit, but because the dealer had to pass on to the consumer the excessive profits received by butchers for hides and also the excess profits of tanners and shoe manufacturers."

BOLSHEVIKI RIOT SUPPRESSED.

Triest, Tuesday, Aug. 5.—A group of Bolsheviki appeared here today on the streets and attempted to start rioting. The rioters, however, were dispersed by the police with the assistance of the population. As a result of the demonstration 700 arrests were made.

PRESIDENT WILL ASK CONGRESS FOR HARSH LAWS

Will Address Congress Friday on Plans For Reducing High Food Prices—Urges Laws With More Teeth.

Washington, Aug. 6.—President Wilson will address congress in person Friday to make recommendations for legislation designed to aid in reducing the cost of living. This was learned today at the White House.

That one of the President's recommendations will be "more teeth" to make existing laws effective to adequately control profiteering is the general belief of officials in the absence of definite information from the White House.

The President, it was suggested, also might ask congress for a modified licensing system under which margins of profit would be controlled so as to bring an immediate reduction in prices.

JUGO SLAYS NEAR TO BUDAPEST, SAYS BERLIN

Berlin, Monday, Aug. 4.—Troops of the Serbian government of Hungary have advanced to within 25 miles of Budapest and expect to reach the city tonight and Jugo-Slav forces are also advancing upon Budapest, according to a Vienna dispatch received here. It is said that the Rumanians have captured many communist leaders at the Hungarian capital. The Rumanian official statement which declared that the people of Budapest "greeted Rumanian forces with enthusiasm" fails to agree with reports to Berlin newspapers which say that the approach of the Rumanians caused terror in the city. The National Zeitung, a German newspaper, declares that the effect that the Rumanians are producing in Budapest is that the Rumanians are plundering the city and the Rumanians are quarantined.

WAR DEPT. MEAT ARRIVES; SALE OPENS THURSDAY

Carload Is Taken to Market House Where City Officials and Kiwanis Club Members Will Sell It.

The carload of meat ordered by the mayor for a municipal market in order that the citizens might take advantage of cheaper prices arrived from the government supply depot at Columbus this morning and is being unloaded this afternoon and placed in storage stalls in the Farmers' market, ready to be placed on sale at 9 o'clock tomorrow morning.

Three trucks are being loaded by the mayor and his assistants and a number of stalls will be used tomorrow in the market house and members of the Kiwanis club and city officials, together with several of the members of the city council will assist the mayor in weighing out the meat. Corned beef will be sold at 20 cents in one pound cans, 54 cents in one pound cans and 66 cents in two pound cans. There will be 10,000 pounds of bacon sold in one pound cans at 37 cents per pound and 10,000 pounds of scalps of pork at 15 cents each at 36 cents per pound. No one person will be allowed to purchase over \$20 worth of meat, and if there is too large a demand, it will be too large a demand.

(Continued on Page 2, Col. 4.)

2 MILLION RAIL EMPLOYES UNITE IN WAGE DEMAND

Fourteen Unions Join In Asking Hines For Immediate Increase.

ROLLING STOCK OF RAIL LINES IS DETERIORATING

Embargo Is Placed On Certain Goods By Southwestern Railroads.

Washington, Aug. 6.—Representatives of 14 different railroad unions now have joined in a communication to Director General Hines asking immediate increase in wages. So far as known this is the first instance on record in which all the railroad unions—representing 2,000,000 employees—have acted as a unit.

Mr. Hines said today he had not had time to analyze the communication but that it seemed to be a formal presentation of wage demands already made public.

With reports still coming in that striking shopmen refused to work and that the strike was spreading despite efforts of the officers of the union to hold the men at work until an authorized strike-vote is taken late this month, and the subsequent curtailment of train service and its effects on the industry, the railroad strike situation and its related subject, the high cost of living, continued today to take precedence in importance over all matters in congressional and administration circles.

Already more than 200,000 cars are reported to be out of commission and unless railroad rolling stock can be kept in running order, it was pointed out, a majority of mills, mines and factories and food product plants will be threatened with closing.

Locally interest centered in the meeting of the house interstate commerce committee, at which representatives of all the organized railroad employees were expected to appear in support of the Plumb plan, which would eliminate private capital from railroad ownership and operation. The Plumb plan now is before the house in the form of a bill providing a tri-partite control of the

WANT EUROPEAN COAL COMMISSION

France, Italy and Belgium Want Equal Distribution of Fuel This Winter to Prevent Disorder.

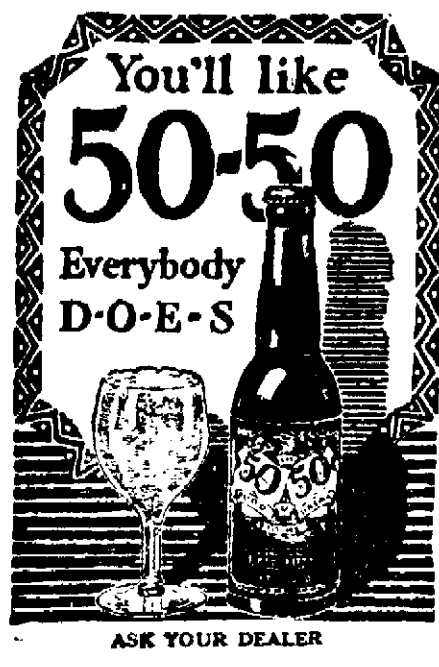

Paris, Monday, Aug. 4.—Shipping and coal interests of France, Belgium and Italy conferred with Herbert Hoover, head of the international relief organization here today, and decided to urge the supreme council of the peace conference to appoint a European coal commission to coordinate the distribution of European coal in an effort to avert what threatens to be a disaster.

The meeting was held as a result of a warning given by Mr. Hoover, in an address at the recent conference in London of the supreme economic council. He said that Europe's coal production was 35 per cent below normal and that the United States could not offer relief because of the shortage of shipping. During his address, Mr. Hoover said:

"The fate of European civilization now rests in the hands of the coalminers and coal-mine owners of Europe to an equal if not to a greater degree than in the hands of the providers of food and supplies during the next year."

At today's meeting, Mr. Hoover declined to accept the permanent direction of the proposed European coal commission, stating that he believed that the problem to be strictly European and that the situation could be handled by the European countries themselves. He said that the United States could give aid

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1853 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1853 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product **HORLICK'S** named **Malted Milk**. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

Ask for **HORLICK'S**—Avoid imitations.

NO SPECIAL JURY IN FOOD PROBE

Prosecutor Flory Will Ask Regular Grand Jury to Investigate High Prices Here—Asks Assistance.

Prosecuting Attorney Charles L. Flory stated today that the September grand jury would be asked to investigate the high cost of living. Owing to the fact that the grand jury meets within a very short time he did not think it advisable to call a special session at this time.

Prosecutor Flory stated that he would be pleased to have the cooperation of all citizens in the gathering of information and that it would be treated as strictly confidential in his official inquiry.

The prosecutor asks that any person or any organization possessing any information or evidence of acts of profiteering or attempts at stifling of competition, unlawful fixing of prices of the necessary commodities of life, place such information before him.

Prosecutor Flory stated that it was the duty of every citizen at this critical time when many homes are actually facing serious problems of procuring sufficient food with their ample means, to report any attempts to profiteer. "It is a fact to be deeply regretted that the necessary commodities of life are no longer regulated in price by the law of supply and demand," he said.

ASKS RECEIVER

(Continued From Page 1)

ent public, at the price at which it was acquired by the Columbus packing company.

The drastic action by the prosecuting attorney is expected to be ordered followed in other cities as a result of a conference now in progress between Governor Cox, Attorney General Price, State Secretary of Agriculture, Shaw, State Dairy and Food Commissioner Gault and State Veterinarian Burnett.

Before going into the conference, Attorney General Price said the Franklin county prosecutor's action was to be one of the main topics of discussion with a view of taking similar action in other counties. Results of investigations of cold storage plants made by inspectors of the dairy and food department also will be thoroughly canvassed and cases of law violation similar to that found in Columbus noted.

County Prosecutor Slesinger's action came as a bombshell this morning. Promptly at convening of court he presented a petition asking for an injunction against the Columbus Packing company and the Fairmount Creamery company to prevent them from disposing of 15,000 pounds of pork which it is alleged the packing company has held in the cold storage plant of the creamery for more than six months time limit provided by the Smith cold storage law. Judge Duncan immediately granted the injunction and appointed Claude Chamberlaine, a local meat dealer receiver for the pork which will be sold at public auction.

It is expected that the conference at the governor's office also will include the authority to make arrests for violation of the cold storage act in addition to the civil actions similar to that started by Prosecutor Slesinger in seizing food products which have been held longer than the specified time. The possibility of being able to seize food products in cold storage plants which have not complied with the law in making reports to the dairy and food commissioner, even though the food has not been stored longer than the legal time also may be considered at the conference. It is said.

Attorney General Price has made an exhaustive study of the cold storage law and his observations and conclusions will be given at the conference. The formal opinion which is to the dairy and food department may not be made public before this evening, it was said.

Attorney General Price also stated that he has found other sections dealing with the marketing of food supplies which may hold even greater possibilities for prosecutions than the cold storage law or the Valentine anti-trust law. He would not state what these laws were.

About the executive officer there was an air of expectancy that other sensational developments may be looked for within a short time in various parts of the state. It was announced there would be no formal statement forthcoming as a result of the conference as the matter of precaution against premature announcement of plans.

A corps of accountants are to be assembled from the various state departments to check up on inspectors' reports on cold storage houses and to assemble date, not only for the attorney general, but for prosecuting attorneys in counties where the cold storage plants are located.

ELIMINATE MIDDLEMAN TO LOWER MEAT COSTS

Cleveland, Aug. 6.—Resolutions urging the elimination of every middleman not absolutely necessary to the conduct of business, as a means of reducing the high cost of meats and other food stuffs which they consider unnecessarily high, were adopted by the United Master Butchers of America, in convention here.

John T. Russell of Chicago, chairman of the legislative committee, speaking for the association, declared that butchers today are carrying far too much of the war and that lower prices would materially increase the buying income.

Other resolutions adopted urged the colonization of returned soldiers on farms, assistance for the Kansas live stock commission plan of establishing experimental markets, and the purpose of setting out the proper efforts for a federal tax against selling inferior food when first quality is advertised and support of the movement to have ten months made the limit for cold storage.

The appointment of a committee to work for the stabilization of markets and to settle on the time for profit earning was advocated in another resolution.

FEDERAL AGENTS GO OUT AFTER PROFITEERS

Washington, Aug. 6.—Agents of the department of justice throughout the country today were already at work to carry out the order of the attorney general issued late yesterday that profiteers and hoarders of food and other necessities be tracked down and prosecuted

ROTES WILL JOIN CENT. OHIO PICNIC

Clubs From Five Cities Lay Tentative Plans For Outing at Buckeye Lake Soon

Newark Rotarians Tuesday took action endorsing the proposed picnic at Buckeye Lake park of Central Ohio Rotarians and voted to appoint committees to make the necessary arrangements. The date of the picnic has not been determined but the Rotarians' Governor John H. Bentley, and one other prominent Rotarian have promised to attend. Rotary clubs from Newark, Columbus, Zanesville, Lancaster, Chillicothe and probably other Central Ohio cities will take part in the picnic.

Owing to the fact that the Kiwanis club's challenge for a series of marble contests for the city public championship, was not presented in official form, no action was taken on the proposal. The feeling was expressed, however, that since the Kiwanians had all the horse shoes in the basketball contest, the suggestion for a horse shoe contest should be ruled out of order.

Clubs from five cities lay tentative plans for an outing at Buckeye Lake soon.

ENGLAND PLANS TO CURB PROFITEERING

London, Aug. 6.—Great Britain purposes establishing a central authority to treat with profiteering. It was announced by Sir Auckland Geddes, minister of reconstruction, at the resumption today of the hearings by the house of commons of a committee named to inquire into the high cost of living and profiteering.

RUMANIANS

(Continued From Page 1)

took exception to the decision of the conference upon the principle guaranteeing the rights of minorities within national borders.

In their ultimatum the Rumanians demand the reduction of the Hungarian army to 15,000 men and the surrender of 50 per cent of the harvest animals and farm machinery and 50 per cent of the railroad supplies.

The ultimatum which was forwarded to Paris by Lieutenant Colonel Romanella, of the allied military mission, and Colonel W. B. Causey, U. S. A., of the relief administration, now in Budapest, also demands a large proportion of the Danube shipping and equipment and supplies for an army of 200,000 men together with rations for the Rumanian forces pending a peace settlement.

2 MILLION RAIL

(Continued From Page 2)

railroads. The bill was introduced several days ago by Representative Sims of Tennessee.

EMBARGO PLACED ON FREIGHT IN SOUTHWEST

Chicago, Aug. 6.—Effects on traffic of the strike of federated railroaders, which started last Friday were seen today in the embargo placed by several lines in the southwest on all freight shipments except carload lots of livestock and perishable goods. Accessions to the ranks of the strikers, it was believed, will lead to additional lines placing embargoes on traffic.

Investigation of the manner in which the strike was called is under way today by R. A. Milroy, assistant United States district attorney.

"The district council which called the strike was formed here during the conference between general director of railroads and union officials at Washington," said Mr. Milroy.

It was the policy of the union officials to have the men remain at work pending the adjustment of the differences.

The district council of railway shopmen had no authority to call the strike, the testimony already taken shows.

"Responsible union men have complained to the government and we are conducting an investigation to determine who is responsible for the interference with government arbitration and with the operation of the railroads under federal administration."

SUBWAY CRIPPLED BY STRIKE OF EMPLOYEES

New York, Aug. 6.—Service on the subways, elevated and trolley lines of the Brooklyn Rapid Transit system was demoralized at the rush hour early today by the strike of part of the company's 12,000 employes.

The walkout set for 5 a. m. did not assume serious proportions until 8 a. m. when thousands of passengers on their way to work in New York from various boroughs across the river, waited in vain for cars. Congestion in the subway trains, which were operating on limited scale, was most marked. Trains on the "L" roads ran desultorily and the surface cars gave only part service.

3600 SHOPMEN IN COLUMBUS ARE OUT

Columbus, Aug. 6.—Work in Columbus railroad shops practically was suspended following the walkout at 5 a. m. of 3,600 shopmen in the Pennsylvania shops at Columbus and the Western shops at Columbus. The shops are predicted to be a strike example and strike action in effort to enforce demands for a 10 per cent wage increase.

Beginning today shopmen will remain at work today if a wage increase is not made. The union leaders predict that the men will join the shopmen of the other two railroads.

At the Pennsylvania shops, unknown 200 negro laborers, wood workers in the shops and department and wrecking crews remained at work.

H. T. Hamilton, chairman of the Hocking Valley Railroad Trades' association, said that although the men had agreed to remain on the job, they are in favor of striking. The strike ballots from national headquarters are expected to arrive some time today, and the Hocking Valley shopmen will vote immediately afterwards, Mr. Hamilton said.

The totals for and against striking will be sent to district headquarters where the vote throughout the district will be counted. The district vote will determine whether a strike will be called.

INDIANA FARMERS SEND KICK ON STRIKE THREAT

Indianapolis, Aug. 6.—In a telegram to President Wilson the Indiana Federation of Farmers association, representing more than 100,000 Indiana farmers, condemned "veiled threats of a revolution" and declared that if the railroad strike continues it seriously considers advising all its members to hold farm products. The message to the President, signed by Lewis Taylor, general secretary of the association, follows:

"The Indiana Federation of Farmers associations, a great conservative body, condemns veiled threats of a revolution. If the railroad strike continues we seriously contemplate advising all of our members to hold farm products until the strike ends. We believe in such arbitration as will result in justice and fairness to all concerned with work to be resumed pending a decision in the matter."

URGES CONGRESS NOT TO BE INTIMIDATED

Washington, Aug. 6.—William A. Wimbish, of Atlanta, special counsel for the Southern Traffic league, told the interstate commerce committee yesterday it should sit tight and proceed with investigation of the railroad problem just as if organized labor had not demanded tripartite control of the roads.

If you are going to adopt government ownership or if congress is going to surrender to the demands made upon it—which is unthinkable—and lie down supinely and let one class dictate, then I am in no position to help," Mr. Wimbish said. "I don't believe you will. I believe there is enough patriotism, enough courage in this congress not to be stampeded and intimidated and forced to do things that fail to meet its approval. I cannot believe that these extremely radical propositions represent even the thought of intelligent workmen."

Mr. Wimbish said he realized that organized labor was patriotic during the war.

"But I know," he added, "that you are infinitely better equipped to consider these railroad problems than is organized labor, and if you do get intimidated or stampeded some people will not stand behind you."

LANSING

(Continued From Page 1)

the opinion that a legal trial could not be had.

"Will there be a trial?" asked Senator Borah.

"I didn't say," the secretary smilingly replied.

Some senators suggested that the former emperor should be required to surrender to a military tribunal as Napoleon did for trial under general court martial authority.

"That was the report of the commission with which the United States disagreed," said Mr. Lansing.

"It seemed to me that in such a proceeding there would be grave doubt whether the guilt of the defendant could be established and it might let him off scot free."

WAR DEPARTMENT

(Continued From Page 1)

mand only \$19 worth per person will be sold.

SURPLUS FOODS WILL BE SOLD IN 10 CITIES

Columbus, Aug. 6.—Large quantities of tinned food stored in the huge army reserve depot here, will be shipped immediately to ten of the largest cities in the country for sale through the postoffice department direct to consumers according to orders received today from Newton D. Baker, secretary of war.

The ten cities named in the telegram as distributing points for the food are: New Orleans, Atlanta, El Paso, San Antonio, Baltimore, Omaha, Washington, Chicago, St. Louis and San Francisco. The food to be distributed is valued at thousands of dollars.

In order to make these large consignments, an additional force of several hundred men will be put to work immediately at the reserve depot.

Fort Worth, Tex., persons killed and property damaged amounting to thousands of dollars, caused by storm Tuesday.

Huntington, C. and O. shops, employing 2,000 men, completely shut down following a strike meeting.

UNITED CIGARS

This city and the United Cigar Stores Co. come together in the natural order of things.

A lively city and an enterprise like ours which breaks new ground only where growth, and thrift, and prosperity make the pace, are bound to join hands sooner or later.

So we come to this city to help one another—in a spirit of reciprocity—to give and take.

Look for the United Cigar Store at 11 North Third Street NEXT SATURDAY

We feel as if we were bringing to this city something worth while.

If you find this to be true, we know your hospitality will be neither slow nor ungenerous.

All we ask is the measure of our deserts, not only as newly established merchants but also as rent payers and employers of skilled men. We propose to be a part of the city. The oldest enterprise here aims no higher.

ACCOUNTING WILL COME.

Failure of the state legislature to solve the financial crisis confronting the state treasury, even though it remained in session six months, has brought about an unprecedented crisis in Ohio's affairs.
If the leaders of the Republican majority knew anything at all, they knew that the revenues of the state would not meet the expenses. They also knew that salaries in many departments that has not been increased for years, must be adjusted to meet advanced living costs.
The inheritance law, advocated by the governor, was passed, but it could not be expected to produce sufficient revenue for the state, especially when a legislature broke all records and authorized an expenditure of \$55,000,000.
Employees of almost every department of state government are demanding more money. Many are leaving the service and more are to follow. This is a condition that Ohio has never faced before and the legislature majority party, together with those "outside" bosses must be called to account for failure to meet the situation. They must be called to account for spending months in pre-arranged political sharp shooting, while letting the business and the interests of the state go to pot. The day of accounting will come, never fear.

By this time certain Republicans who were so confident that the world was theirs when they elected a majority in the national congress and a majority in both houses of the general assembly has fall are beginning to realize that they have a liability on their hands in each case instead of an asset. And many people are wondering why the promised Utopia has not arrived.

Some time ago we heard many senatorial attacks on the President because the treaty was not rushed through and peace concluded at once. Senators knew little and cared less for the monumental task that confronted the peace conference. Now, however, the peace of the world is squarely before the senate but we do not find the same roliners in such a hurry.

If some poor, misguided man leaves a check on a bank without sufficient funds to meet it the bank says he must go to the pen. We have no quarrel with the law but what should we do with a legislature that issues a check on the state treasury for \$55,000,000 without a dollar in the world as to where the money is to come from to meet the check?

It is indeed generous of the horrid legislature to vote \$20,000 of the state's limited funds, to a committee whose purpose is to camouflage expiation of state departments, while doing nothing less than sneaking through the various departments in a hunt for their campaign material.

Why argue longer with the senatorial obstructionists? No power on earth could make any change in the trait and league covenant that would satisfy them.

We suppose the survey committee will find a lot more state positions that should be subjected to "senate confirmation."

THE LEGISLATURE.
One of the disgusting little political tricks of the Ohio General Assembly is now causing the leaders a great deal of embarrassment, the fixing by resolution of the power to recall the assembly into session during its six months recess in the hands of the Republican leaders and taking it away from the governor, who alone has that power under the constitution. Just now there is a concerted demand on the part of the state employees and many organizations throughout the state, that the assembly be called into session to solve the wage question in state departments. And of course, only the Republican assembly leaders are authorized to call the session. If a session is called, the said leaders will not only be called upon to increase the pay of state workers, but will be called upon to provide the means of putting the money into the state treasury. Gov. Willis said he needed a business legislature; he surely must have been joking when he asked Ohio to elect the present one.

Now we hear almost daily of the wonderful things our esteemed legislature is to do when it assembles again next December. Judging by the past we are certain that it will not do anything worth while and we are almost assured that it will be in session all winter.

BACK TO THE LAND.

(New York Herald.)
The federal government is making strenuous efforts to entice more people away from the cities back to the farms. It is thought that this will help solve the unemployment problem and at the same time help increase the world's supply of food products. When the land is not productive and prices for farm products are low the drift is away from the farm to the city. The attractions are strong. Small wonder that heaves home to try his fortune in the glare of the white lights. When he reaches the city and has had his experience he often finds that his dreams are a nightmare; that with the high cost of living and a small salary he can hardly make both ends meet. He has saved practically nothing at the end of the year.
When prices of farm products are high and the land productive the farmer is a king. He does not need to worry about anything, for the sun shines, the rain falls and the soil works for him whether he goes fishing or not.
If the government can secure a piece of productive land for a man, a place where he can grow all the garden truck he wants for himself and family, can have a cow, some chickens and plenty of vegetables to sell in town, he soon will find himself independent if he is careful and frugal. The federal government can get thousands of men back to the land provided a sufficient plan for financing their beginning is adopted. The automobile, the telephone and electric interurban railroad now being the farmer in close touch with his city neighbors. He can take his wife and children to the movies and enjoy life, for the land is working all the time.

TARDY REPENTANCE.

(Cleveland Plain Dealer.)
Hungary tried to scare the world with the menace of bolshevism. Because the peace congress proposed to take from the Magyars the non-Magyar lands of the old kingdom the responsible Hungarians deliberately invited Kun and his ragged crew to take control. Now is the time of awakening and repentance. After suffering for months under the insatiable despotism of the communists the Hungarians have managed to rid themselves of their masters. The nation is bankrupt, famished, ruined. A foreign army has occupied the Hungarian capital, and the Magyars, the poorest of peoples, are drinking the bitterest dregs of misery and humiliation.
When it became clear that the Hungarians had heeded the Paris ultimatum and had indeed kicked out the communists a hasty order was made to halt the Roumanian army advancing toward Budapest. Apparently the message arrived too late, as the latest reports indicate that King Ferdinand's soldiers are in the Hungarian capital. It is interesting to note that less than a year ago Hungarian soldiers were serving in the army of occupation which oppressed the Roumanian capital.
Hungary's deepest wretchedness is not the direct result of the war. Had the Magyars been persuaded to bow to the inevitable as the Austrians have bowed they would have been spared the months of martyrdom under the tyranny of the communists. The communists were called in by Karolyi and his clique, who hoped by this means to frighten the Paris conference into setting aside the principle of self-determination. The suffering that has followed has been Hungary's immediate and proper punishment.

The allies demand the establishment of representative government at Budapest, not only to release the Hungarian people but also to secure the official negotiator of a treaty similar to that which has been imposed on Austria. There will be no further performance in Hungarian affairs and the Roumanian army will doubtless soon be withdrawn so that the Hungarians may adjust themselves in their own way without the least assistance or compulsion. Meanwhile the Roumanians will probably be raised, and some effort made by the world's humanitarianism to give food to the starving nation.

Pointed Observations

Much of the dramatic and discreditable of the present scene is the notable failure to keep the game of life without any of the usual rules.
The peace conference negotiators are going to get a good deal of credit for their motto: "compromise the highest principle."
The peace conference negotiators are going to get a good deal of credit for their motto: "compromise the highest principle."

Why argue longer with the senatorial obstructionists? No power on earth could make any change in the trait and league covenant that would satisfy them.

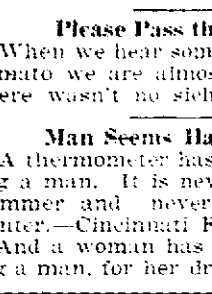

We suppose the survey committee will find a lot more state positions that should be subjected to "senate confirmation."

THE ADVOCATE'S MARVELLING POST
He that has complex ideas, without particular names for them, would be in no better case than a bookseller who had volumes that lay unbound and without titles, which he could make known to others only by showing the loose sheets. Luke.
Less Impulsive.
While some men seem to mean and stick because the country has gone dry. Still, now it looks as though the ought to have more sober second thought.

Had the Courage of His Convictions.
Aunt Caline says: Will B. Eaton was in here last night and he was awfully worked up. He was a coming back from the war which he was a prisoner in Germany for quite a spell. Seems like he didn't go over there to fight at all but had went for his health. He got ketched in the war zone. One day he was trying to make his way over to our army and some dirty Germans came up and said something to him and he answered 'em back in good American talk and they hit him and clapped him in prison and kept him there for months. Well, says Zeke, why didn't he talk to 'em in German? he says, "He noes how fer he studied it," he says. "That's what I says to him," says Will, "but Zeke, that there fellow he'd fur rather die in prison than soil his mouth a-speakin' their dirty language," he says.

Please Pass the Potatoes.
When we hear some people pronounce tomato we are almost tempted to wish there wasn't no such a thing.

And a woman has a hard time pleasing a man, for her dress never seems to

Champion Salesman of War Savings Stamps

This Newark letter carried today stands as the champion War Savings Stamp mail carrier of America, having sold more than \$100,000 worth of U. S. S. stamps. Will Cooper won the champion contest which ends next Saturday, August 23. It all depends upon the response of Licking county people. Buy U. S. S. stamps tomorrow, Friday or Saturday and make Cooper a world champion.

Spirit of the Press

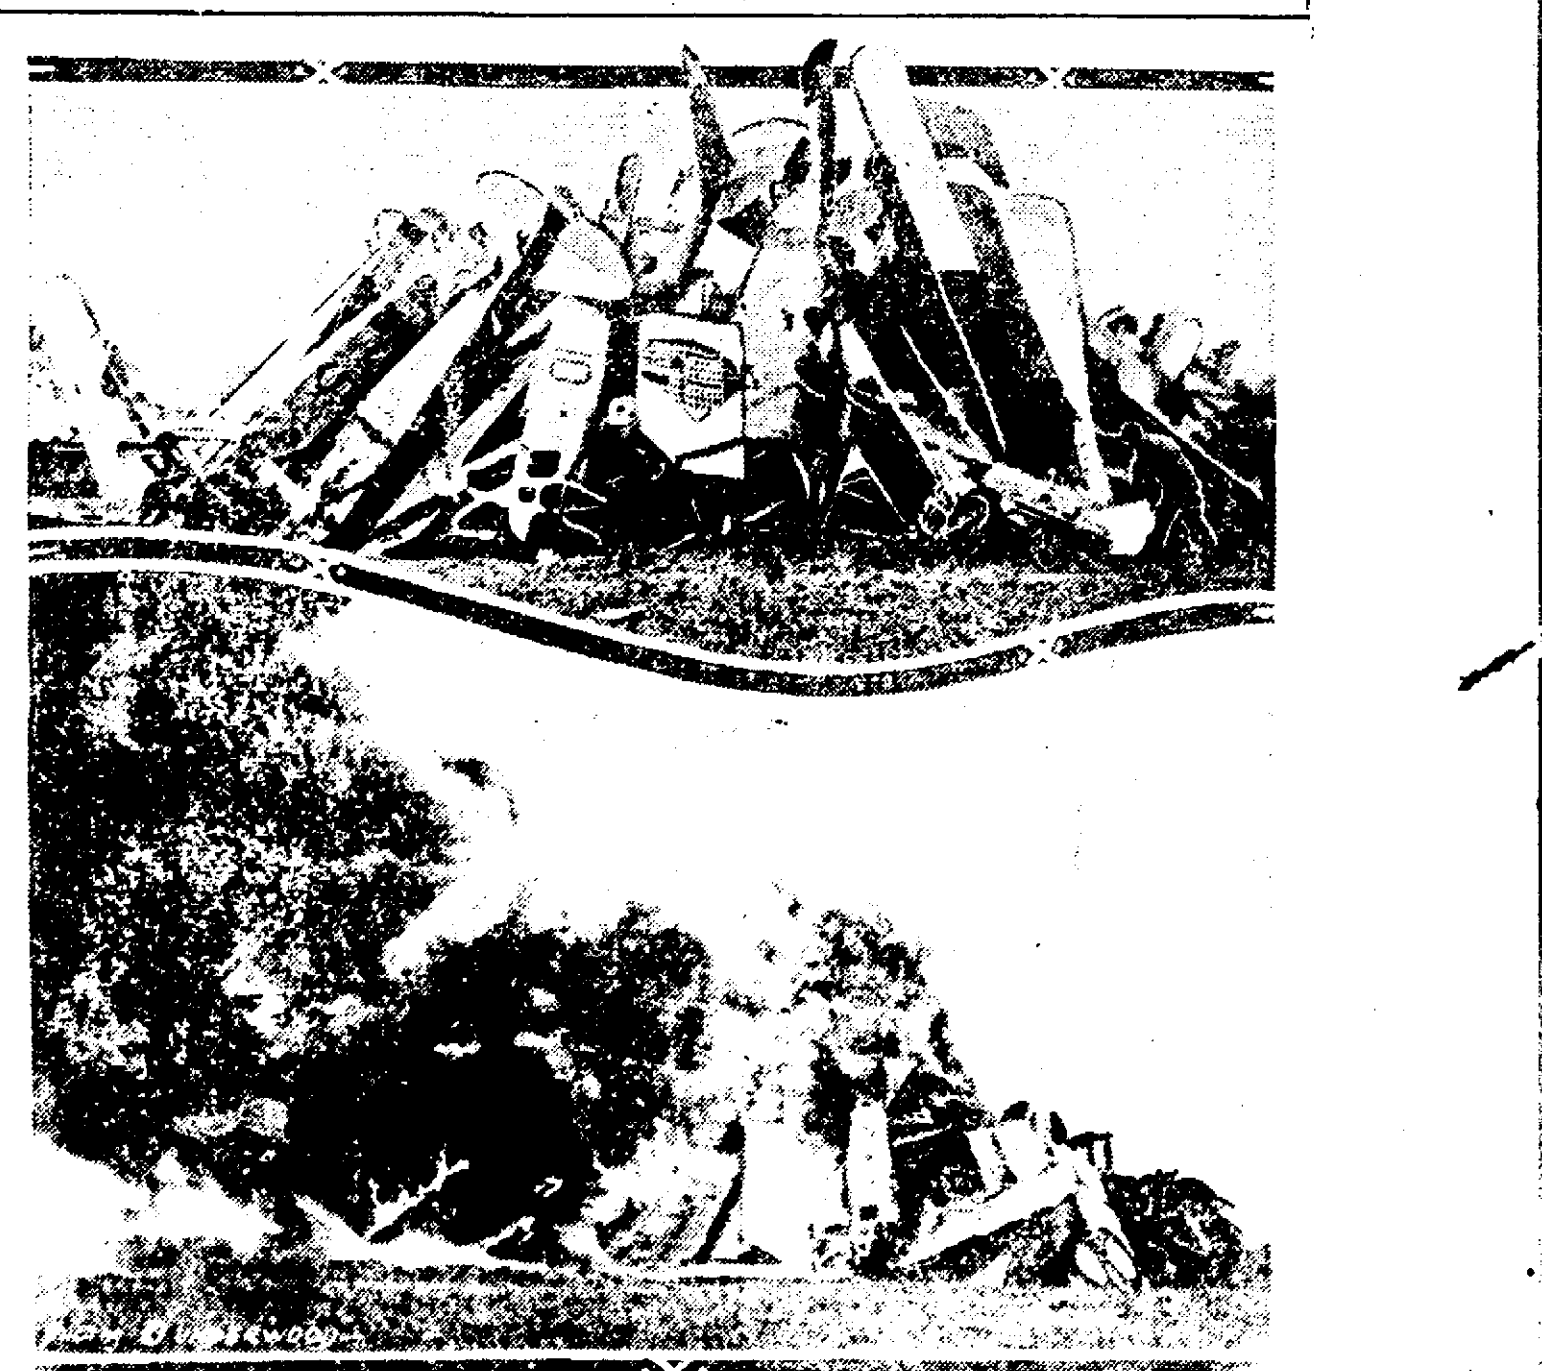

The Striking Car Men of Chicago.
To left with the middle. This was the cry of the car men in Chicago, voting the other night to strike. Effort was made to be thought to have reached its apex in "The public be damned!" But that was the repeated utterance of a vulgar vulgar. Now the strike has swung out and it is the workingmen who do not care a straw if their action caused inconvenience or even suffering. Moralistic arraignance has been abandoned. Of course, it was the public be damned! in Chicago. It really was a matter of fact with all of them. As for the vulgar vulgar, it was a matter of fact with all of them. As for the vulgar vulgar, it was a matter of fact with all of them. As for the vulgar vulgar, it was a matter of fact with all of them.

Bolshevism Near the Helm.
If Secretary Lansing has some Bolshevism in the department of state he ought to look to his example of them. Secretary Lansing has some Bolshevism in the department of state he ought to look to his example of them. Secretary Lansing has some Bolshevism in the department of state he ought to look to his example of them.

AIRPLANES WORTH A MILLION DOLLARS BURNED IN FRANCE

Pile of U. S. airplanes at Colombes-les-Belles, France, just before and shortly after they were burned. A congressional sub-committee is investigating the destruction of the planes by U. S. army officers of \$1,000,000 worth of airplanes, said to have been in perfect condition when they were piled up and burned. One reason given for the destruction of the machines was the desire on the part of the officers to stimulate the production of airplanes in the United States.

SOCIAL AFFAIRS

Mr. and Mrs. W. H. Pittsford, of the Welsh Hills entertained the following guests Sunday: Mrs. Maria Evans, Mrs. Hannah Jenkins, Mr. and Mrs. Edgar Shauk, Mr. Newark, Richard House of Granville, Mr. and Mrs. J. C. Lamson and daughters Beryl, Edna and Betty, Miss Margaret Smith, Mr. Price of Utica and Mr. and Mrs. Floyd Morrison of Clay Lake.

The Women's Home and Foreign Missionary society of the Woodside church, will have an all-day meeting, Thursday at the home of Mrs. Lewis Swartz, in Honor street.

One of the charming social events of the week is the garden party, which will be given at the home of Mr. Harry Swisher on Hudson avenue, Friday evening. The hostesses will be The Woman's Home and Foreign Missionary society of the Second Presbyterian church and a general invitation has been extended to all the friends of the society to come and enjoy a delightful evening. Refreshments will be served.

The seventy-first birthday of Elijah Brown was celebrated at his home in Channel street.

Those present were: Mr. and Mrs. Eliza Ankrum and children, Edna and Eugene; Mr. and Mrs. Willis Brown and children, Paul and James; Terry Hyder and Burton Brown, Mrs. Nettie Leslie and children, Irene, Harold and Lillian.

The out-of-town guests were: Mr. and Mrs. Charles Rush and son Cliff; Mr. and Mrs. Ashland, Mr. and Mrs. Allen Brown and daughter, Anna Mary of St. Louis, Mr. and Mrs. John Brown and children, Glenna and Oleta of Central City.

The Whistever Circle of the King's Daughters will meet at the home of Miss Alice Ashbrook, 115 South Third street, Thursday, August 28, at 7:30 o'clock.

Regular meeting of St. Francis Ladies' Auxiliary, Knights of St. John, will be held at 7:30 o'clock this evening in K. of C. hall.

PERSONAL

Mrs. George Pickup, who has been ill with pneumonia, was removed from the city hospital to her home in Hudson avenue yesterday.

Miss Ruth Pelumlee and Miss Virginia Wolten are visiting friends in Cleveland and before returning home will make a trip to Buffalo, Niagara Falls and Toronto.

Mrs. Harry Fallon of Pittsburgh is a guest at the home of her father in law John Fallon of Eighth street.

Mr. and Mrs. O. C. Larason, who have been spending two weeks with their children in Jackson town and Altherton have returned home.

Mr. and Mrs. E. M. King and son Robert of Columbus and Mr. and Mrs. Lee Richards of Dayton were guests of Mrs. Mary Henry at her home in the Orpheum building Sunday.

Sergeant E. B. Crawford, who is with the second division, 31st marines, arrived at Camp Mills on Sunday.

William Bunge and son Arthur of Missouri Valley, Iowa, are guests at the home of Mr. King's sister Mrs. James McArthur in Bowers avenue.

Mrs. J. J. Winters and Mrs. Frank Grady of this city and Miss Margaret and Ella Giffin of Chicago have returned from a visit in Shawnee with relatives.

Mrs. T. B. Keaton spent Tuesday in Columbus.

Mrs. Harry Bourner and children of North Fourth street are visiting relatives in Marietta.

Miss Viola, King of the Clouse & Shadwick millinery store is in Cleveland to spend some time in the millinery wholesale houses.

Dr. J. N. Stone of East Main street has returned from a 10 day fishing trip to Winona Lake, Indiana.

Mr. and Mrs. Walter Ashley of Chillicothe and Mrs. Edith Gaines of Dayton spent several days with their mother Mrs. Joan Dowling at her home in North street.

Miss Mildred Close has returned from Chicago where she spent the past month studying music. She will be associated in teaching with Miss Berntha Doomey.

Russell Wildman returned yesterday to his home at Pittsburgh after spending a week at the home of Edward Tyrer in North street. Miss Esther Tyrer accompanied him home. She will visit friends and relatives for a month.

Mrs. J. Spencer Fink and niece, Miss Mary Ryan, are spending a few days in Columbus.

School Reunion.

The second annual home-coming of the teachers, pupils and friends of the Yellow school, east of Utica, will be held

BEAUTIFUL AMERICAN GIRL WILL MARRY ENGLISH PEER

Miss Camille Sutton Palmer.

London society is deeply interested in the report that Miss Camille Sutton Palmer, a beautiful and popular American girl, has become engaged to the Viscount of Fieldston, one of the most sought after of the English peers. Miss Palmer has been residing in England since giving up nursing in France and has had many opportunities to marry a title and wealth.

GRANVILLE

(Special to The Advocate.) Granville, Aug. 6.—Mrs. Helen Hunt, who for many years has been identified with Granville life in all the important activities in church, school and social circles, has sold her home in Park Drive and today with the assistance of her son, Rev. Horace Hunt of Philadelphia, and her two daughters, Misses Mary and Mildred Hunt, she has seen her household effects loaded for the new home in Lewisburg, Pa., the site of Bucknell university, where her brother, Dr. E. W. Hunt is the incoming president. Mrs. Hunt, accompanied by her children, left this afternoon for Newark to entrain for Jaspert, N. Y., where Mrs. Hunt will visit her sister for several weeks. Rev. Horace Hunt will rejoin his wife at a summer camp in the east.

Mrs. Harry Little of Abilene, Kansas, formerly Miss Dolie Carter, who with her little daughter, Margaret, is visiting her aunt, Miss Carrie Deviney, was honor guest at a pleasant movie party of twelve given by Mrs. L. A. Austin, Monday evening. After witnessing Wallace Reid's "Too Many Millions," the company repaired to Corwin's restaurant where they were served with refreshments. Those in the party were old-time friends of Mrs. Little: the honor guest, her daughter, Mrs. Deviney, Mrs. J. D. Thompson, Mrs. Henry Deming, Mrs. Harry Burkham, Mrs. W. H. Chrysler, Mrs. Roe Morrow, Miss Lily Jones, Miss Annabel Owen, Miss Laura Boyle, and the hostess.

Mrs. Roe Morrow will open her home in East Broadway Friday afternoon for the regular meeting of the W. C. T. U.

Miss Geneva Given of Barborton, formerly of Granville is visiting Miss Eva Thomas and other friends in the village. Mrs. Karl Babb of Xenia, with her two children, is visiting the home of her parents, Judge and Mrs. J. M. Swartz. Burton Case announces that his limited peach crop has been sold at the orchard. The fruit ripened more rapidly than had been calculated and the numerous patrons carried it away as rapidly as it could be picked and sorted. There will be no more.

Mrs. O. M. Ellison of La Mowr, N. D., formerly Miss Anna Barrett, who has been visiting her mother, Mrs. Barrett in West College street, has left for her home, and will meet Mr. Ellison in Chicago, en route. Mr. Ellison has been elected recorder for his county for three terms.

Miss Mae Stark, president of the Presbyterian Ladies Aid, announces a lawn fete on the church grounds, Saturday afternoon and evening.

Mrs. Charles Mendenhall of Dayton who as Susan Chamberlain passed her childhood in Granville, has been attending the meetings of the Ohio Baptist assembly with headquarters in Shepards college. She returned home today with Mr. Mendenhall, who motored from Dayton.

Dr. and Mrs. George C. Catt of Bensalem, Indiana, (formerly Miss Faye Marlowe of Granville) motored through the village Tuesday calling on one or two old friends. They were accompanied by their cousin, Mrs. Maddox of Akron, formerly Miss Margaret Stokely of Shepards college, and their sister, Miss Laura Marlowe, who is superintendent of the detached home in Cleveland, the first woman who has ever held that office. Since leaving Granville Miss Marlowe has held various positions of responsibility in Delaware, Columbus and Cleveland.

Marius Neilson, a Denison student, who has returned from a sabbatical leave of absence to teach in Germany to finish his college course, returned from his vacation in Philadelphia to take a position in the George Stuart jewelry store during the absence of the owner.

Milady's Boudoir

Refreshing the Tired System.

The best process of refreshing your tired system and thereby retaining your health and vitality is to take a tepid bath to which a cooling astringent lotion has been added. These lotions are inexpensive to make, and their action upon the skin is decidedly beneficial. I am giving you the formula for a bath tonic which I have used for years. Oil of lavender, one quarter of an ounce, of bergamot one-quarter dram, oil of lemon one-quarter dram, spirit of wine half a pint and rectified spirits quarter of a pint. A few tablespoons should be added to a tub half filled with water or it may be applied to the body with a brush. The skin may be first scrubbed and then soaped when the tonic is used in the latter way.

If you come home thoroughly exhausted after a busy shopping day, take a salt rub or a tepid bath to which the tonic has been added. No matter if you are tempted to seek recreation in some place of amusement, deny yourself this pleasure for the sake of your beauty and physical well being and go to bed early.

I am a firm believer in the magic power of skin treatment and even though you have done it during the day, rub cold cream well into the skin at night. It is not too late to begin to allow a thin coating to remain on over night. It is not too late to begin to keep the skin fresh and rested looking during hot weather, and you will have to give it constant attention. I advise you to wipe off the cream frequently with the following lotion: One pint of camphor water, half ounce of pure olive oil and a quarter of an ounce of lemon juice. It will cleanse the skin and remove the old appearance due to excessive perspiration.

Our Boys and Girls

Young children should be looked after carefully during the hot weather. A peach or egg, cooked in the following manner may be used for breakfast. Have the water in a small agate pan boiling furiously. Put in a slice of bread, slip it in to the boiling water. Let it stay long enough to cook, or five or ten minutes, take it out, add a little salt and a piece of butter. It may be placed on toast if you wish. Soft boiled eggs, done in the same manner, except that the water about the egg is not boiling, are a splendid source of food for young children. If they tend to keep the bowels regular, cook them in the following way: Wash six large potatoes into a stock pot and cover with cold water. Simmer for one or four hours, never allowing the water to boil. They swell and are soft and tender with hot water poured over them as they are cooked. They may be pressed through a coarse sieve, placed in a small jar and set away to cool. They can be served in a sort of spread between slices of toasted bread.

ALEXANDRIA

Col. W. Burnside of New York, who has been visiting his parents Mr. and Mrs. A. D. Burnside during the past week returned Sunday. The colonel expects soon to be located in Washington, D. C.

Inez Dumbauld and Genevieve Blinn entertained the Standard Bearers Saturday afternoon at the home of Mr. and Mrs. O. Dumbauld.

Mrs. Elizabeth Glenn of Concord, visited Mrs. Leah Browning Saturday afternoon.

Mrs. Clyde Lusk and son William returned Thursday from Athens, where she had been attending Normal school. Miss Marjorie Blinn returned home Friday after a very pleasant visit in Meadville, Pennsylvania.

Jennie Mears, who is attending business college in Columbus was home for a few days visit during the past week.

Mrs. Ralph Stimson and son and Walter Ohlinger of Columbus, spent several days with Mr. and Mrs. Austin Stimson the past week.

Dr. P. O. Williams of Columbus, formerly of Alexandria, has received high promotion, commander in the naval reserve force because of his efficient work in the naval base hospital unit.

H. D. Blinn and family spent Sunday at Chatham, the guest of Mr. and Mrs. W. E. Hinkson.

Mrs. Hattie Alberry and children of Beech and Thurston Alberry and family were entertained Sunday at the home of Mr. and Mrs. George Alberry. Ralph and Garner Bishop, soldier boys from overseas returned to Alexandria Thursday.

Robert Price and sister Maude spent Saturday in Hebron.

Mrs. Emma Witzel of Newark is spending the week at the home of H. D. Blinn.

Mr. Frank Kidder and Miss Bessie Richards were married Friday. They will reside in Alexandria.

Mr. and Mrs. Russell Beck and child were guests of Mrs. Ritta Orr and daughter, Sunday.

Miss Jeanette Colville went to the Grant hospital Friday for treatment.

Miss Hammond went with her as nurse.

Mr. and Mrs. George Dugan, Mr. and Mrs. Willy Blinn and Margaret Larson, Mr. and Mrs. Charlie Binore and son, Mrs. Clint Blamer and daughter Louise and Earl Baker and family spent Sunday at Fredonia, guests of Mr. and Mrs. Frank Fowler.

Mr. Fred Bunsick and family of Frazzysburg spent Thursday with Mr. and Mrs. Thurston Alberry.

Mrs. Fannie Thompson of Granville spent Monday with Mrs. E. T. Bennett.

Thomas Parker, who has been attending Normal school at Athens returned home Friday.

Mrs. Millie Moran and Bessie Brady spent the past week at the home of Mr. Margaret's brother O. W. Channell in Granville.

Mrs. Dolie Carter Little and daughter Margaret of Abilene, Kansas, were guests at the H. J. Carter home Thursday and Friday.

Mr. Ed Foster and family of Mansfield were visiting relatives in the village Saturday and Sunday.

Mr. and Mrs. Ernest Brady and two children visited Sunday at the home of their uncle O. W. Channell, Granville.

Mr. and Mrs. Ed Burkham of Johns town were visiting Friday at the home of Mrs. Martha Thomas.

Thomer Lovock, who has been spending his vacation with his parents returned Monday to Pittsburgh to resume his work there.

Quite a number from Alexandria are attending the United assembly at Granville among those were Mrs. Austin Stimson, Mrs. Henry Hubbard, Mrs. Mears and daughter Mary, Mrs. Dora Van Ness, the Wilson family, Mrs. Lydia Scott and Mrs. Mary Price.

1500 EASTERN STARS TO PICNIC AT LAKE

The Eastern Stars of Lakeland, Niles, Moberg and Holmes counties will hold a picnic at Buckeye Lake Park, Thursday, August 7. An attendance of about 1000 is expected.

H. C. Zimner, former superintendent of the Mt. Vernon school, will deliver an address.

The manner of picnic has been reserved for the afternoon and evening, the grand march being scheduled for 2 o'clock and the prize wait for 3:30.

OBITUARY

Mrs. Charles Beckwith.
The body of Mrs. Charles Beckwith arrived this morning from New York city and was taken to Cedar Hill cemetery, where services were held in the church. Rev. Calvin Hazlett officiated and burial took place there.

Mrs. Frank Collins.
Funeral services for Mrs. Frank Collins, who died Monday morning at her home in Akron of complications, were held today in the home there. Surviving are the husband and three children. R. F. Collins of this city is a brother in law of the deceased. The Collins family formerly lived in this city and Mrs. Collins before her marriage was Miss Ella Ballou.

Mrs. Catherine Diebold.
Funeral services for Mrs. Catherine Diebold, who died Monday will be held Thursday morning at 10 o'clock in the home in Washington street and burial will be made in Cedar Hill cemetery.

LESSONS AT FAIR TO AID FARMERS

Ohio Exposition Directs Energies Toward Solving Reconstruction Problems.

A NEW DAY HAS DAWNED

United States Government to Demonstrate New Methods With Big Exhibits.

Devoted last year to the winning of the war, the Ohio State Fair this year, the last week in August, will direct its energies and usefulness toward important problems incident to the work of reconstruction.

Farmers, as much as any other citizens, are concerned deeply in the great readjustment now going on, which marks the coming of the new day. Old methods, practices and theories are passing under the new order of things. Lessons from the war, the rapid progress of science and changed world conditions are developing situations, the problems of which are pressing seriously for solution.

Just as the state's exposition took advantage of the opportunity to perform such a vital patriotic service in 1919, its management realizes the necessity for reconstruction activities now. With this in mind, state fair officials have designed an exposition that primarily will make easier the path to readjustment for Ohioans, particularly agriculturists.

The United States government, recognizing the Ohio State Fair as a medium through which to get direct contact with the people and place before them reconstruction lessons, will send extensive departmental exhibits to the exposition. Among other things, the government will demonstrate methods of better farming by which American farmers produced the enormous crops that weighed powerfully against the Germans, and by which American farmers now are shattering all past production records and adding immensely to the prosperous conditions which they have been enjoying.

Departments co-operating in the exhibits are those of agriculture, commerce, treasury, interior, labor and others. Each exhibit requires 8,000 square feet of space for proper installation. Material from the department of agriculture will include photographs, charts and diagrams, samples and objects of various kinds, and models. Various topics of interest to all farm residents will be treated.

Farmers who neglect to view these new and distinct exhibits will pass up one of the most important and instructive features of the fair, it is declared.

OFFERS BOYS AND GIRLS PRIZE MONEY OF \$2,275

A total of \$2,275 in prizes, in addition to free trips to the exposition, are offered members of boys' and girls' agricultural and home economics clubs at the Ohio State Fair the last week in August. The fair management will pay the railroad fare of three club members in each county if people within the county will pay their expenses in Columbus, as a means of attracting teams for the canning demonstrations at the exposition.

Prizes for pigs amount to \$375. They are: Duroc-Jerseys, \$150, divided in 10 prizes; \$125, divided in 10; Poland Chinas, \$100 divided in nine, and a bronze trophy; Hampshires, \$100, divided in 10; Berkshires, \$50, divided in eight; grades and cross-breeds, same.

Ten prizes, amounting to \$125, are offered food clubs; 10, totaling \$10, to clothing clubs; 20, reaching \$100, to poultry clubs and banners to the best canning teams.

Entries will close Aug. 11.

PURCHASES EXTRA COOPS FOR OHIO POULTRY SHOW

For the last two years Manager E. V. Walborn of the Ohio State Fair has found it necessary to borrow extra coops and pens from outsiders with which to house poultry and pet stock on exhibition at the fair. Although indications are that entries in this department will set new high records at the exposition, the last week in August it is not likely that Mr. Walborn will have to borrow again.

Anticipating another banner poultry year, he recently bought a large number of new coops and pens. Prizes offered in this department to the exhibitor are \$2,000. Of this \$196 will be awarded on ducks, \$144 on geese, \$168 on turkeys, \$73 on pigeons and \$105 on rabbits.

RAILROADS REDUCE FARE.

Railroads will put into effect a one and one-half fare for the round trip from any point in Ohio to the state fair the last week in August. E. V. Walborn, manager of the exposition, has been notified. Tickets at this rate will be sold from Aug. 24 to 29, with a return limit to reach the original starting point not later than midnight Aug. 21.

LESLIE GROVE WILL WHOLESALE AND RETAIL HAVOLINE OILS

Leslie Grove, local distributor of Havoline oil, announces that the first 12,000 gallon tank has arrived and will be sunk today on the lot in the rear of his retail store, 39 South Fifth street.

A few days ago Mr. Grove entered into a contract with the Indian Refining company to handle him the retail and wholesale distribution of their oils and greases in Newark, and with the co-operation of the company Mr. Grove has succeeded in hastening preparations to handle Havoline oils in barrel and car load lots.

A large lot in the rear of Mr. Grove's retail store has been purchased and on this lot enough tanks will be sunk to accommodate at least 50,000 gallons of oil, and from this point wholesale orders will be filled. Two car loads of oil will arrive the first of next week and other cars will follow at once. The work of placing and filling the tanks will be rushed as rapidly as possible and in a few days Mr. Grove will be in a position to meet the wholesale and retail demand for Havoline oil.

Mr. Grove has been the local retail distributor of Havoline oil in Newark for a long time and his business has been ever on the increase until the present time it has been found necessary to handle the Havoline oil products in larger quantities in order to meet the ever growing demand. \$6-11

ORDINANCE NO. 3031.

By MR. KEYES

WHEREAS, to proceed with the improvement of Wolke Avenue from Ferry Street to Riverside Street by curbing and paving the roadway thereof;

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurring:

Section 1. That it is hereby determined, in connection with the improvement of Wolke Avenue from Ferry Street to Riverside Street by curbing and paving the roadway thereof in accordance with Resolution passed on the 16th day of June 1919, in accordance with the specifications and conditions and prices here to approved and now on file

Section 2. That all claims for damages resulting therefrom shall be judicially required in and after the conclusion of the proposed improvement.

Section 3. That the whole cost of the proposed improvement, including the labor and the cost of intersections therefor and the cost of intersections to be assessed by the foot frontage upon the following described lots and lands to-wit: All lots and lands bounded by the proposed improvement, and the improvement, which said lots and lands are hereby determined to be specially benefited by such improvement, and the cost of the same shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of such notices, the costs of construction, and the cost of the collection assessed in anticipation of the collection of deferred payments, and all other necessary expense, and that the assess-

Twenty (20) semi-annual installments with interest on the deferred payments at a rate not to exceed six per cent per annum, provided that the owner of any property assessed may at his option, make such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessment, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in

in amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests thereon, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands bounding and abutting upon the proposed improvement on Myrtle Avenue between Ferry Street and Riverside Street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertise-

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed, August 4th, 1919.
R. L. WILLIAMS,
President of Council.
Attest: GEO. H. HAMILTON,
Clerk of Council.
Approved by the Mayor this 4th day

August, 1919.
H. A. ATHERTON,
Mayor.

ORDINANCE NO. 3031.
By MR. KNABER,
Amending and repealing Ordinance No.
2281, an ordinance defining what are
the closely built up portions of the
City of New City, State of Ohio, relative
to the rates of speed of Motor
Vehicles.

Section 1. That the following Sections of the City of Newark, State of Ohio, shall hereafter be the business and stock-holding portions of said city, for the purposes and in pursuance thereof, and in accordance with the provisions of the General Code of Ohio, regulating the speed of motor vehicles, and municipalities: Bounded on the North by the north line of Locust Street, on the East by

North Fork of Licking River; on the South side of the River, 10 miles on the West to the West side of Sixth Street.
Section 1. Wheat—Wheat makes a motor crop of medium yield at a greater rate of profit than cotton (450 bushels per acre) in the lower defined district or more than Tobacco (200 bushels in other portions of the City of Newark, Ohio). It is best to cultivate the property, life and much of a person who has fled from more than Tobacco (125 bushels)

Section 4. That whenever any person shall be convicted of any offense under the laws of the State of New York, and the fine or penalty therefor shall be less than Twenty-five (\$25) dollars, or more than One thousand (\$1,000) dollars,

R. L. WILLIAMS,
 President of Council.
 Attest GEO. H. HAMILTON,
 Clerk of Council.
 Approved by the Mayor this 4th day
 of August, 1919.
 H. A. ATHERTON,
 Mayor.

Ohio Was the First State to Demonstrate Clearly the Short Life of Gas Fields.

Natural gas is the finest fuel that the world has ever known. In fact it is the ideal fuel. While its combustible property has been known for centuries, its use in a large way has been restricted to the past half century. As its many advantages as a fuel came to be understood the demand for it both for domestic and industrial purposes increased by leaps and bounds, and is still increasing. The supply, however, under most favorable conditions is limited, and we have now reached the stage in the industry where it is difficult, if not impossible, to meet the demand not only of new consumers but of those who have been relying on this fuel for many years. In short we are haunted by the specter of insufficient gas.

Ohio was the first state to demonstrate clearly the shut-in gas fields. The history of the problem area occurs to us in this connection. Discovered in 1884, its career as a large producer of gas was over by 1890. The Cleveland field furnishes an excellent illustration. Gas in the "Clinton" sand was discovered in 1882, and in a short time at least 150 springs were being worked. In places a half dozen wells were sunk where one would have been adequate, and of course the sand was rapidly depleted of its gas supply. By December, 1915, 80 wells were abandoned, and at present only an occasional well remains. Sugars along the Homer and Graphs Grove fields indicate the fate of gas territory where even a fair acreage per well is allowed.

It would be very gratifying to tell that the outlook for a future supply of natural gas in the state is bright; but the evidence, both practical and theoretical, indicates the reverse. It is well to repeat at this time the fact that Ohio now produces about 40 per cent of the gas which she consumes, and she must continue to look elsewhere and at an increasing rate for a gas supply.

Conditions with reference to the present and probable future supply of natural gas in the Appalachian field have been stated to the best of my ability and without bias. The situation is only fairly satisfactory for the present, while the future is much more uncertain. All depends on finding new territory in large area, and for reasons previously stated the prospects of such discovery are very poor. At the best the supply on the present enormous scale will last for only a few years.

A few years ago natural gas was discovered—a new and marvelous fuel, without dust, ash, or inconvenience, and so difficult to locate and develop that it would be supposed its use would surely have been carefully restricted as an economical measure, but like all other of nature's blessings it has largely gone the way of the other departing resources.

That which transpired in connection with the discovery of natural gas in Northwestern Ohio in the early eighties is typical of many other gas fields of that era. Perhaps one of the greatest reservoirs of this miracle fuel was tapped there, and in comparison to the supply so was there the greatest wasting. A mighty roaring by day and a pillar of fire by night was considered the best way of advertising to the world that this or that town in the field had an "unlimited supply of natural gas for all purposes." It was offered free to manufacturers and many flocked to this or that new Eldorado, where natural gas was supposedly abundant for all time and free as air. Today a few gaunt stacks still rear their weather-worn shapes into the heavens, mute evidence of man's lack of intelligent foresight.

After a rude awakening to the folly of wasting that which may have required millions of years to produce, saner methods prevailed. Companies were formed and a development of gas territory was begun. Pipe lines were laid and methods of marketing were adopted with a view of serving as many people as possible. But this new arrangement still carried with it the temptation to waste. The opinion that a commodity that had previously been given away, could not have much value seemed to prevail, and, notwithstanding natural gas contained twice the heat units of the manufactured gas, it was sold to consumers at from one-fifth to one-tenth of what was paid for the manufactured article. So the extravagant wastefulness continued. Gas was consumed in homes, business and public buildings, far in excess of reasonable needs, and manufacturing plants were supplied universally for all purposes. Gas companies were granted franchises and made contracts with municipalities for terms of years at prices that certainly did not comprehend a decreasing supply. The enormous added expense of development of territory, transportation or marketing of the product. Thus has our profligacy, our lack of foresight, our unwillingness to listen to the warning of Geological authorities brought us to an existing condition where a continuation of service can not be of long duration unless a complete re-adjustment is promptly made.

Again, and for the last time, the Geological authorities warn us of great depletion and final exhaustion rapidly approaching. Will we heed them now?

Now, if cake was necessary for your happiness, if you felt you just couldn't get along without it, and you had consumed or sold five-sixths of your life's supply, and only had that one-sixth left, would you sell it at the same old rate, would you eat it as voraciously as ever? Would you?

NOTE:—The management of the gas company, desiring a full and free discussion of this problem, invites its patrons to indicate by letter to the company their opinions on the question of failing supply and what must be done to conserve it. Incidentally for their enlightenment in considering this problem we have prepared a booklet containing information data and recommendations from the most eminent authorities on the subject, which we will be pleased to send to any patron who will fill out and mail us this coupon with his name and address.

Assistant Clerk Michael Sachs stated today that up until noon four absent votes had been received, 16 new voters had registered and 34 transfers had been made.

Rees Horse Drops Dead.
Rees Jones received a telegram today stating that his bay trotting gelding, Admiral Dewey, had dropped dead on the fair ground track at Xenia this morning while being given a workout by his driver, Oscar Smith. He was entered in a race this afternoon and had shown no signs of illness, his death being due evidently to a sudden attack of heart trouble. He was valued at \$1000, and was insured for \$500.

Seeks Soldiers Address.
The home service office of the local Red Cross would like the address of Adonia Narracci, who is supposed to live in this city. Call Automatic phone 1870, or address 607 Newark Trust building.

COURT STOPS

(Continued From Page 1)
1918, attempting to cancel and annul the contract of the city with The Federal Asphalt Paving company, can have no legal force or effect. In attempting to annul this contract, the board has transcended its authority and usurped the powers of the courts.

"The board may use a wise discretion in accepting or rejecting bids and awarding or refusing to award contracts, but when it has duly accepted a bid of a responsible bidder, and entered into a valid contract, in my judgment it has not the power or authority to cancel or annul such contract. The city of Newark, as well as the tax payers and abutting property owners, had acquired vested rights in such contract, and the board of control is without authority to deprive them of such vested rights.

"As a rule, courts are reluctant to enjoin a public improvement where a considerable portion of the work of such improvement has already been done, but in the present case I do not hesitate to grant such order. The contractor, as well as city officials, knew that plaintiffs were attempting to have this matter tested in court, yet, notwithstanding such fact, there appears to have been a special effort on the part of the contractor not only to hasten the commencement of the work, but to get up before the action could be brought and heard in court. And the city officials seem—at least tacitly—to have aided the contractor in this respect.

"There is no charge of bad faith on the part of the city officials, but the fact remains that this improvement, under the second contract, will cost the city and tax payers \$26,000 more money than called for in the contract which the board sought to annul.

"An entry may be placed upon the journal of this court finding the second, or new, contract, entered into with The Federal Asphalt Paving company to be null and void, and the city, and various city officials, named as defendants herein, will be enjoined from carrying out, or performing, any of the terms of said second, or new, contract.

"The Federal Asphalt Paving company will be left free to proceed with said improvement, if it so desires, under its first contract, in which case the city officials may do all things necessary to carry out the city's part of such first contract for said improvement.

"Motion for a new trial, if filed, may be overruled, and if an appeal be taken, the appeal bond will be fixed at \$200.

"Addenda. Since writing the above, I have examined the case of Lloyd vs Toledo, cited in a communication received from defendant's attorneys, and in this latter case the court upholds a modifying contract made by board of control, which resulted in a saving of approximately \$48,000.00 to the city—such modifying contract did not in any manner annul the original contract, but only made certain changes, and in the city officials' contract necessary, in the manner of construction. The modifying contract was in every way beneficial to the city. It provides for the construction of some parts of the work in a different manner than that provided in the original contract, and a saving to the city of no inconsiderable amount. After carefully examining this last cited case, I find no principles there announced which would justify a board of control in canceling and annulling a contract regularly made, for the sole benefit of the contractor and his bondsmen, and to the detriment of the city and tax payers.

CLAUDE HAGER COMES BACK AS LIEUTENANT

LIEUT. CLAUDE HAGER

Lieutenant Claude Hager arrived Wednesday in New York City, according to a telegram received this morning by his parents, Mr. and Mrs. Charles Hager of Linden Avenue. Lieut. Hager won his commission in France. He enlisted in the cavalry branch of the service and later attended an officers' training school. His telegram said he was feeling fine. He will be stationed at Camp Merritt.

AN INTERESTING STORY NOW TOLD BY NEWARK MAN

Is Kept Busy Telling His Friends How He Got Rid of a Severe Case of Stomach Trouble and Constipation.

SICK SINCE 1917

States That Two Bottles of the New Medicine Drecto, Have Done Him a Great Amount of Good.

"I am kept busy these days telling my friends what it is that makes me look much better and feel like myself again," says Mr. George Angleoff of Newark, O.

"My stomach has bothered me very much since back in 1917, seemed like everything I ate disagreed with me, and I soon realized I was cutting out first one thing and then another, because it did not agree with me. I grew thin, weak and pale, and was the picture of a genuine 'dyspeptic.' My bowels were also badly constipated, and my liver was inactive, which kept me continually taking physic.

"I've now finished taking the second bottle of Drecto, and my condition shows a remarkable improvement. I can eat many things, which I have denied myself of many times, without hurting me afterwards. My color is better; have more strength and feel good all the time, as I get good rest at night. My bowels act regularly every day, without the assistance of other medicines. Drecto surely has proven itself a wonderful medicine in my case."

Drecto is a combination of many different medicinal herbal plants, that act directly upon the liver, kidneys, stomach, bladder and the blood. It neutralizes the poisons of the system and causes the organs to take on new life and energy, and rebuild the body. Nothing has a quicker or more positive effect in relieving headaches, constipation, neuralgia, biliousness, nervousness, poor appetite, loss of weight, poor sleep, catarrh, gas on the stomach and rheumatism. Drecto does not contain potash, mercury or any other harmful mineral.

Mr. Powers, the well-known Drecto expert, has headquarters at Evans' Cut-rate Drug Store, to meet the local public and explain the merits of this treatment. See him today.

Telephone Service.

PROSPEROUS COMPANY MEANS PROSPEROUS CITY.

Whatever the average citizen may think about religion or politics, he is sure to believe in a prosperous town to live in. He may be getting only a moderate portion of his town's prosperity, but he wouldn't have it otherwise than prosperous.

Newark is a prosperous city. In American cities the size of Newark, the business and social life has come to depend upon the telephone. The telephone is the means of communication without effort, association without contact, transaction of business with a minimum effort, social enjoyment throughout the whole community. The telephone breeds friendliness, promotes sociability, and helps the community to get the most and best out of life.

The telephone is really the circulating fluid of the town, the life blood.

The life blood is healthy—so is the town itself.

One of the real signs that Newark is a prosperous city, is that its telephone company is prosperous. It maintains its plant adequately, it pays decent wages and salaries, it is under-capitalized, it pays only a fair return to its owners and its surplus after doing all this is too small rather than too large.

Whenever this company is compelled to limp in its service, stop its growth because no one will invest in it or to pay wages too low to get good workers, look around and see if there isn't something the matter with the town itself.

This company depends upon Newark for whatever prosperity it attains; when it can't attain it, find out the reason why.

THE NEWARK TELEPHONE COMPANY.

Charles E. Hollander,
General Manager.

THREE MORE DAYS WILL SEE CLOSE OF CARRIERS' CONTEST

Only three more days of the letter carriers' War Savings Stamp contest remain. James G. Cooper, Licking county mail carrier, is leading in the race having sold more W. S. S. than any one of 100,000 carriers in the United States. Here is a chance to make this Newark man a world champion but to do so will require further efforts. Two carriers in other counties are crowding "Jim." Let's put Jim Cooper over and at the same time win the Victory Shaft. Buy W. S. S. before Saturday night if you want to help Cooper.

Postmaster Taylor of Hebron reports the sale of 200 W. S. S. to Dr. C. J. Lezman of Hebron.

Mrs. Emma Cline of Cedar street, bought \$2.00 worth of W. S. S. for herself and children yesterday afternoon through James G. Cooper, leading W. S. S. salesman among the mail carriers of America.

Mrs. Gail Nethers of Park avenue, who was a member of last year's limit club has just completed her purchase of 200 W. S. S. of the 1919 issue. The sale was made by Mrs. J. C. Spencer of Hudson avenue.

Money talks; don't let it say "good-bye." Invest in W. S. S. at a 25 per cent interest. That's the message carried by hundreds of billboards in Cleveland this week.

If you would be sure you are beginning right, begin to save, said Theodore Roosevelt. Buying W. S. S. is saving.

If you would know the value of money go and try to borrow some. Get the savings habit. Start by buying W. S. S.

Mrs. Viva J. Smith, R. D. 3 Granville, chairman of the Woman's division of W. S. S. in McKean township, has just reported \$3,390 in pledges to Mrs. Ernest T. Johnson. These W. S. S. pledges were obtained by Mrs. Albert Pierpoint, Mrs. James Layman, Mrs. G. N. McLam, Mrs. Arthur Bailey, Miss Edith Jones, Mrs. Edward Young, Miss Helen Miller, Miss Mary Edith Davies, Mrs. George Wright and Miss Leona Griffith. Mrs. Smith adds to her report: "In hope we can get some more."

At the end of July Warren county had sold a little larger percentage of its W. S. S. quota than Licking—just enough more to nose into first place. The relative standing is Warren \$3.35, Licking \$3.25 per capita. With Licking county's War Work organization on the job next week there will be no trouble in overtaking Warren and resuming first place which this county held during June and July. The Victory Shaft race ends September 1. Let's win it.

You may work well, but if you cannot save well you're like a good ship without ballast—safe while the sea is calm but liable to go down with the first storm. Be prepared for storms! Buy W. S. S. The foregoing War Savings Stamp advertisement may be seen all over New York City.

Mrs. J. W. Hornby, who has made many large sales of W. S. S. this summer, reports the sale of 108 W. S. S. yesterday to Mrs. Nancy Nethers of St. Louisville.

THE STORE THAT SERVES YOU BEST

Meyer & Lindorf
NEWARK, OHIO.

EAST SIDE OF THE PUBLIC SQUARE

MUSICIANS WANTED FOR 40TH INFANTRY

Sergeant James E. Power, in charge of the local army recruiting station, located in the federal building, has received word from General Glenn, commanding general at Camp Sherman, that the 40th United States Infantry is in need of a number of first-class musicians.

Band service in the army proves attractive for a musician from civil life. His military training will only be sufficient to give him a proper "set-up" to be able to march and to obey orders.

The military bandmaster has plenty of time for music practice in addition to his regular band practice. He can devote the greater part of his time to individual practice and the study of music under excellent instructors and in an environment conducive to music.

More than half the musicians of a military band are non-commissioned officers. The non-commissioned grade is determined by a soldier's musical ability and attention to his work.

This is an excellent opportunity for young men of foreign birth with a musical training to perfect themselves in the English language and also to continue their music studies.

Men who are accepted for this branch of the service will be sent to Columbus barracks for enlistment, and thence to Camp Sherman for special assignment to the 40th infantry band, and guaranteed station at this camp. Men may also be given special assignment to the 40th infantry regiment. This would give a man an opportunity to visit his home frequently.

Private Raymond E. Squiggins, from the Columbus recruiting station, has been detailed for duty at the local station for a few days to assist in the advertising in this territory.

ONLY OFFICERS OF RUMANIA IN CITY

Budapest, Monday, Aug. 4.—One regiment of Rumanian cavalry is quartered in Kobanya, a suburb three miles from the center of the city, and overlooking it. Only Rumanian officers are actually inside the city proper.

General Buresco, the Rumanian commander, is the guest of Lieutenant Colonel Romacelli, chief of the Italian mission here. The latter has prevented the occupation of Budapest hitherto by representing to the Rumanians that such action would have a depressing political effect for the new cabinet.

The Rumanians sent a message last night, that they would occupy the city or bombard, but later entered into a parley with Joseph Haderich, Hungarian minister of war, and agreed to postpone action. The city is quiet.

25 Years Ago

(From Advocate, August 6, 1894)
A number of Newark people left this morning for Black Island, where they will camp.

Frank Fitzgibbon left this morning for the northern lakes on a fishing trip. The home of Oliver O'Bannon was entered by burglars yesterday while the family were at church.

Miss Anna Davis died yesterday at her home in Hoover street.

FIFTEEN YEARS AGO TODAY.
(From Advocate, August 6, 1904)
Mr. and Mrs. Anos Yost announce the birth of a son.

James E. Thomas has placed a new fire escape in the rear of his building.

Miss Nellie McGinnis left today for a visit to Cleveland and Duluth.

Mr. and Mrs. Frank Bartholomew and Mr. and Mrs. J. L. King are camping for two weeks on Beech Island.

THE HUB

Speed—and the price of Meat

Forty-eight hours after cattle are purchased by Swift & Company they are hanging up as meat; within two weeks the fresh meat has been sold.

This speed means money in the pocket of the one who raises the live stock and of the one who eats the meat. It means a rapid "turnover" of capital and investment—making possible the transaction of daily business on a narrower margin of profit.

Speed permits Swift & Company to do a successful business on a profit of a fraction of a cent per pound.

Such speed, with its rapid turnover and smaller profits would be impossible without the efficient organization and wide scope of Swift & Company, the results of fifty years' experience in handling meat.

Do you believe that government interference with the complicated and efficient machinery of the packing industry can be of any benefit? Experience with government regulation of railroads and telephone and telegraph might suggest an answer.

Swift & Company, U. S. A.

IT is the continuous advertiser that grows. A single drop of water on a stone will not make an impression, it takes a continuous dropping of water to wear through the stone and make an impression.
